

# SMALL SCALE PROCESS EQUIPMENT

## MINI HOT TABLE

**THE LOYNDS MINI HOT TABLE IS IDEAL FOR THE ARTISAN CANDY MAKER WHO NEEDS TO KEEP THE BATCH HOT DURING THE MANUFACTURING PROCESS. GREAT FOR LETTERING CANDY OR MAKING MORE COMPLICATED SWEETS THAT TAKE TIME.**

The Loynds range of mini hot tables is the ideal solution for the artisan candy maker. A hot table helps increase the time available to work the batch of candy before it sets and goes too hard.

The standard mini hot table dimensions are 1000mm x 650mm although they can be manufactured in any size required.

The table top is coated with a food grade non-stick vinyl coating and raised edges help prevent products from falling off the edge. The temperature of the table is adjustable via a rotary dial positioned above the tabletop.

## FEATURES

- 1000mm long x 650mm wide x 50mm high.
- Non-stick vinyl surface.
- 1kW electric element heating can heat the table to 80°C.
- Simmer-stat controller for temperature adjustment.
- Screw adjustable feet to give up to 50mm in extra height.

# MINI HOT TABLE

## SPECIFICATIONS

**Overall Height**  
50mm

**Overall Length**  
1000mm

**Overall Width**  
650mm
