

## MINI CANDY ROTARY FORMING MACHINE

**THE LOYNDS MINI CANDY ROTARY FORMING MACHINE IS IDEAL FOR LOW VOLUME OUTPUT OF PERFECTLY FORMED CANDIES.**

Designed specifically for people requiring smaller production outputs, the machine will produce perfectly formed candies in rounds, ovals, cubes, discs, squares etc. The machine utilizes a continuous rotary die which forms a candy rope into perfectly formed candies in your preferred shape. The machine has been designed to be extremely robust ensuring a reliable and long lifetime. Manufactured from stainless-steel. Die changeovers are extremely quick and simple.

Machine body and all contact parts are made from food grade materials. The die speed is fully variable via inverter control and the machine will typically produce around 75Kg per hour of candies (subject to the size of your sweet)

The machine will typically need feeding from a mini batch roller and rope sizer forming part of a complete candy manufacturing line. This machine is supplied with one forming die.

### FEATURES

- Output of around 75Kg per hour
- Variable speed via inverter control
- Quick and simple to change over dies
- Very simple to operate
- Easy clean

### OPTIONS

- Floor stand
- Castors
- Extra forming dies

## MINI CANDY ROTARY FORMING MACHINE

### SPECIFICATIONS

**Overall Height**  
510mm

**Overall Length**  
480mm

**Overall Width**  
610mm

**Material**  
Stainless Steel

**Output**  
Around 75kg per hour, depending on candy size

**Weight**  
60kg
