

MANUAL FEED FLOWPACK “S” PACKING MACHINE – FP01

SUITABLE FOR THE WRAPPING OF A VARIETY OF PRODUCTS FROM AFTER DINNER CHOCOLATES TO LARGER BARS

The Loynds Manual Feed Flow Pack “S” is a versatile and efficient solution for the packaging of various regular shaped items. Designed to handle a wide range of products, from after-dinner chocolates to larger bars, this machine is a pivotal piece of equipment for businesses looking to streamline their wrapping processes.

Operator tables are positioned on both sides of the chain infeed system. Here product can be sorted and fed directly into the chain infeed system by hand.

Machines also available with automatic feed systems.
