

CANDY MAKERS SHEARS – CS01

DESIGNED FOR PRECISION AND DURABILITY, AN ESSENTIAL TOOL FOR CUTTING CANDY

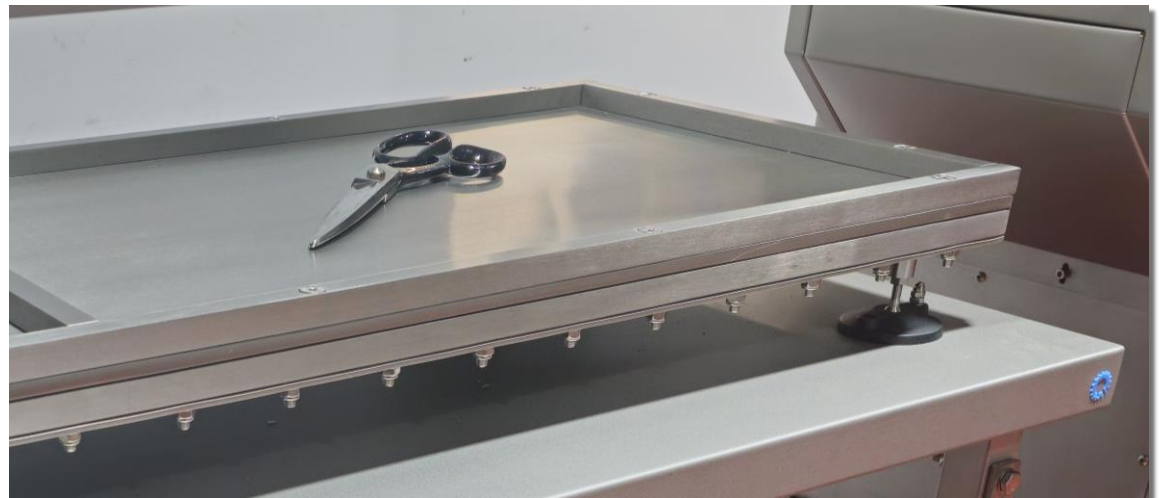

Whether you're cutting the batch on the cold table or making rock lollies, these Candy Makers Shears are an essential item for any serious candy maker. Designed for precision and efficiency, these shears offer unparalleled control and durability, making them a vital tool in the confectionery industry. The end of the shears have been rounded off so as not to cut your table surface when cutting into the batch.

The Candy Makers Shears are not just a tool, but a vital component in the candy making process. Their cutting capabilities ensure consistent quality, essential for professional candy makers. Whether it's intricate detailing on rock lollies or efficient slicing on cold tables, these shears deliver unmatched performance. Due to their size and robust construction they make light work of cutting through tough candy.
