

## MINI CANDY DIE FORMING MACHINE - MF01

### IDEAL FOR LOW VOLUME OUTPUT OF ROTARY DIE FORMED CANDIES.

The Loynds MF01, a robust mini candy die forming machine, is the perfect solution for artisan confectioners and small to medium volume candy manufacturers seeking precision and efficiency. This die-formed candy machine excels in low volume output with a maximum capacity of up to 125kg of candies per hour.

Backed by quality British engineering the machine is extremely compact making it an ideal solution for manufacturers with limited space.

Constructed entirely from food-grade stainless steel, this candy forming machine is not only extremely durable, ensuring reliability and longevity but also provides superior hygiene standards. Its full stainless-steel build is easy to clean, maintaining a pristine processing environment.

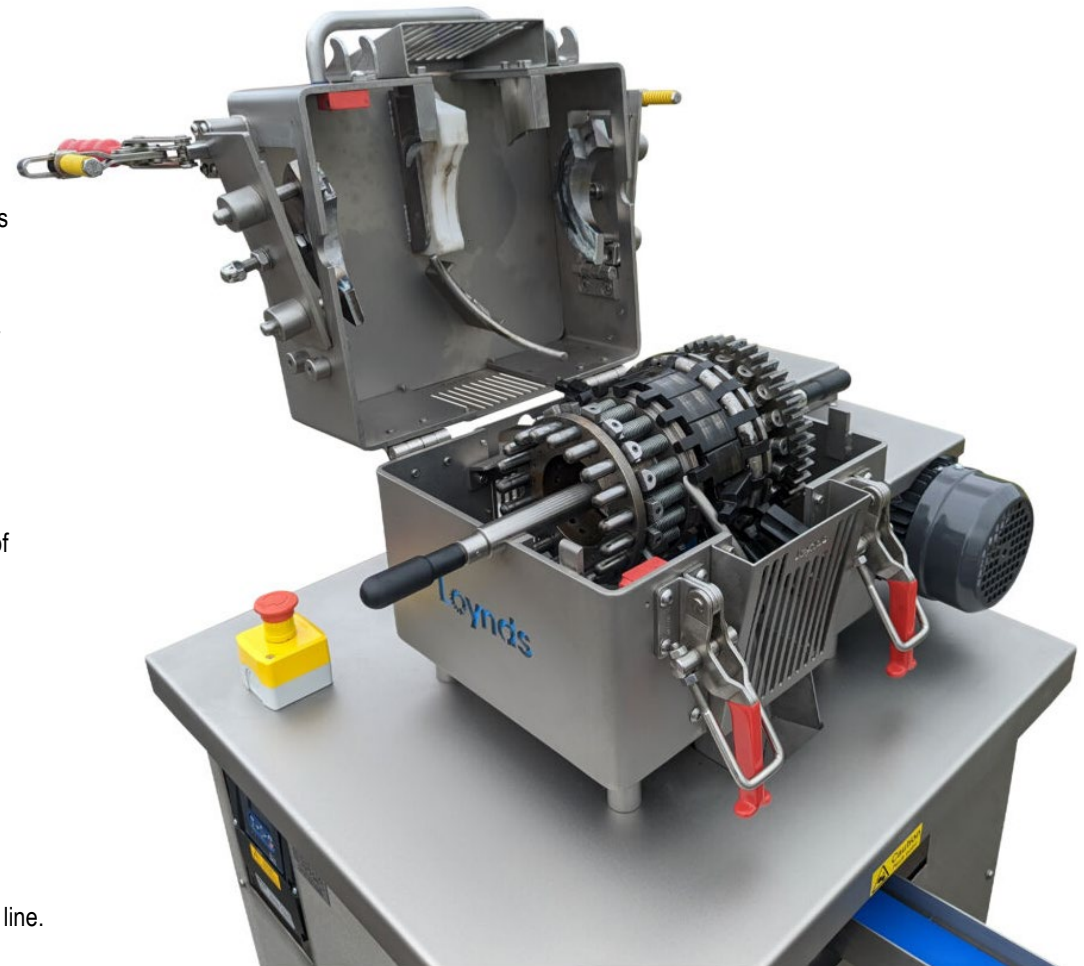

The machine features a quick release clamping system allowing quick and easy access to the inside of the machine for quick die changeovers and easy cleaning.

### FEATURES

- Capacity: Up to 125Kg of candies per hour.
- Tailored for die-formed candy production with a compact footprint.
- Full stainless-steel construction ensures durability and hygienic conditions.
- Die changes are quick and effortless, promoting efficient operation.
- Quick release clamping system allowing easy access to the machine internals.
- The machine is supplied with a stainless-steel table, ready for integration into your candy making line.

### OPTIONS

- spreading conveyor
- cooling conveyor
