

LAZY SUSAN PACKING TABLE

ROTARY PACKING TABLE TO COLLECT PACKS FROM THE PACKAGING MACHINES

The Lazy Susan rotating table is ideal for placement at the end of your bagging or wrapping line.

Stops product piling up to assist operators' packing.

With a standard diameter of 1000mm, there's plenty of space to hold bagged product while the operator works, with options for larger sizes available.

FEATURES

- 1000mm Diameter
- Sturdy frame construction
- 304 Stainless-steel rotating dish table
- Constant rotation speed, variable speed available on request

*Standard Size. Other sizes available on Request.
