

MINI 5 LITRE Z BLADE MIXERS-ZB01

FOR MIXING HIGHLY VISCOUS DOUGHS, PASTES, AND GUMS. 5 LITRE BRIM FULL CAPACITY, IDEAL FOR LABORATORY OR SMALLER SCALE PRODUCTION

Floor mounted Z-Blade mixer with a brim full capacity of 5 litres giving 3.5 Litre batches depending on product. The machine is suitable for mixing all types of product such as chewing & bubble gum, sugar pastes, viscous products etc. The mixing chamber is fitted with two heavy duty Z type mixer arms that fully homogenise the batch. The chamber is jacketed and if required can be filled with thermal oil or water, and then heated with the electric heating elements or cooled with cold water

The mixing chamber is fitted with 2 heavy duty Z shaped arms which rotate at different speeds to give a good homogenization of the product.

FEATURES

- All contact parts manufactured from stainless steel.
- Suitable for mixing highly viscous products.
- Jacket hopper fitted as standard for heating or cooling if required.

OPTIONS

- Mounted on Castors
