

CANDY MINI WRAP MACHINE – MW03

HIGH SPEED PILLOW PACK MACHINE SUITABLE FOR WRAPPING SMALL HARD CANDYS AND SIMILAR PRODUCTS

The Candy Mini Wrap packaging machine is suitable for wrapping small (rounds, balls, ovals, oblongs, squares etc). The machine comes complete with a print registration unit and output is between 20 – 800 wraps per minute.

Wrapping speed is dependent on the product. Bag length is controlled via a keypad. The machine is fitted with a product counter and wrapping speed indicator. Superior feeding is provided by four independently driven brush motor units. The machine can be set for various sizes. Each new shape will require a separate feed plate. The machine is supplied mounted on wheels with screw down anchor feet.
